

# SANITARY MEASURES

## inside our coaches

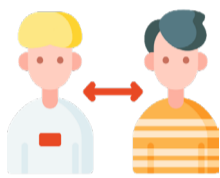

### Disinfection / Cleaning

Our coaches are clean with disinfectant at the end of each day. Standard cleaning and contact points disinfection are provided between two trips. These operations are insured by trained teams about risk prevention and how to use virucide product approved by french Government.

### Ventilation / A/C

Vehicles are naturally ventilated at the end of each day. Our A/C are serviced. During the A/C start-up, recirculating air inside the coach is deactivated in order to limitate virus propagation.

To the extent possible, we recommend to our customers to respect **physical distancing measures** inside and outside of our coaches.

**Wearing a mask is an obligation.** Hydroalcoholic gel is available for our passengers. Emergency masks are available for passengers who do not have one and in case of emergency on board.

2

1

Get on through the back door.

Selling drinks and snacks is allowed on reservation 20 days before departure.

Toilets are closed except in case of emergency. Breaks are done regularly by our drivers.

Passenger have to take away their trash at the end of the trip.

3

Drivers are supplied with gloves, mask and have at their disposal hydroalcoholic gel. Most of our drivers will also have protective visor. Our drivers are trained to disinfection and cleaning coaches outside the coach depot. During tours or long distance transfer, our drivers are supplied with **disinfection kit**.

4

Saybus is currently developing a **geo-tracking** solution for all of our vehicles. This enable us to react quickly in case of any emergency

Passengers on bord will have to be **registered on a list**. This list has to be validated and controlled by a tour director. The list will be communicate to the sanitary authorities in case of any infection.
